## Introduction

Incogniti Cricket Club was formed in 1861 and in 2011 celebrates 150 years of playing wandering cricket. To mark such a historic year the Club has a number of events planned which amongst others include a three week tour to Australia in February 2011. This tour will carry on the traditions of previous Incogniti tours to Australia which provided good quality cricket played in the right spirit and allowed players, partners and children the opportunity to forge friendships for life and take away valuable experiences.

Australia is a beautiful country matched by the warmth of the people's welcome you will come across. I can personally vouch for that having lived there. This tour will also provide you with the exciting opportunity not only to play at some beautiful and quality cricket grounds against fine opposition but it will also broaden your experience of life and put you into the history books of Incogniti Cricket Club.

Incogniti welcomes all playing members and their wives, partners and families so if you have wanted to come to Australia and to play cricket, have fun and support the Club this is your opportunity. **DO GIVE IT YOUR SERIOUS CONSIDERATION.**
