

SAFEGUARDING INFORMATION FOR CAPTAINS OF OPEN AGE CRICKET TEAMS

Actonians Cricket Club actively encourages the development of our young players and to help you, it is important you follow the guidance set out in Safe Hands, which is Cricket's policy for Safeguarding Children.

We want as many young people as possible to transition into regular players for open age teams and become adult playing members. You can play an important part in this transition; the experience they receive when playing open age cricket for the first season could give them a life-time passion for the game or put them off completely.

Whilst it is appreciated these younger players (aged between 13 and 17) often want to be treated as adults, if they do not receive the right sort of understanding, encouragement and support, many of them will leave the game.

You will no doubt be well aware of your role as Team Captain pertaining to the actual game of cricket, but you also need to be aware of your safeguarding responsibilities as a Captain and this document sets out these considerations.

You have a duty of care, on behalf of your Club for the well-being of all under 18's in your team, and in the opposition's team.

You must have a current **ECB DBS disclosure**. If you don't have one, ask Clifford Pile (Junior Manager) or Karen Mahoney (Club Safeguarding Officer) to start the process for you. You will not be able to captain until the DBS is cleared.

- Take your responsibility seriously
- Make sure you know who our Club Safeguarding Officer is, and how to contact them
- Know how to respond to a disclosure from a young person
- Report any concerns or worries you have about a young person to our Club Safeguarding Officer
- Inform the Umpire and opposition captain about all Under 18's in your team – use player cards at all times
- Ensure you have the emergency contact details and any medical conditions for any Under 18's in your team, remember this information is confidential
- Welcome new Under 18's in your team and tell them to come and talk to you about any concerns they have regarding their game

- Encourage good sportsmanship within your team, recognising good play both in your team and the opposition and recognising good performance not just match results
- Encourage good sportsmanship within your team, supporting the efforts of all the young players even when they are not successful – don't just recognise the most talented
- Provide an opportunity for young players to show their talents in an appropriate way – young people who are just used as fielders will not fully experience the game
- Treat everyone equally and not discriminate on the grounds of age, gender, disability, race, ethnic origin, nationality, colour, parental or marital status, religious belief, class or social background, sexual preference or political belief
- Challenge any form of bullying of Under 18's
- Only use parent contact information for communication for all U16's. Between 16 and 18 ask parents' permission to communicate and copy parents in.
- Ensure you are aware of our transport policy – ECB guidance is that all Under 18's/their parents are responsible for arranging their own transport to and from matches (e.g. they take them themselves or arrange for their child to go with a friend or other member of the team) – the Club/You should **not** arrange the transport or provide this directly
- Ensure you are aware of our changing room policy regarding Under 18's. Under 18's should change separately from over 18's.
- Be aware that if Under 18's have to share a changing room with Over 18's, it is best for them to get changed early before batting starts, and for them to take their batting kit out with them to pad up.
- Ensure you are aware of our policy for mobile phones in changing rooms: ECB guidance is that no mobile phones are allowed to be used in the changing rooms for any purpose. This is because photos and videos can be taken and go viral in seconds or be used for other purposes that would cause safeguarding concerns. This means phones should not be used at all – including for playing music or checking texts and e-mails etc. as it is not possible to ensure someone is not covertly taking photos.
- **Do not** engage in any form of sexually related contact with an Under 18 player including sexual innuendo, flirting or inappropriate gestures and terms
- Do not allow bullying or swearing at young players (or indeed any players) or any behaviour they might find intimidating

- Selecting under 18 players for your team – ECB guidelines state the minimum age is under 13 age group players, who are in year 8 age group and aged 12 on the 1st September of the preceding year.

GAME SPECIFIC

- Supervising Children @cricket sessions
- Ensure all mandatory protective equipment is used including Head Protectors
- Concussion fact sheets
- Fielding regulations and pitch lengths
