Message from the President

2010 – ALL CHANGE AT ACC!!

Welcome to 2010 at Andover Cricket Club! It will be an exciting and challenging season both on and off the field. The relegation of the 1st team to the Silver league is I believe a silver lining! An opportunity for this fantastic club to consolidate and look to the future. There is no doubt that we have the infrastructure and commitment from players, supporters and volunteers to move the club forward to the next level over the coming years. There is also no doubt that the outgoing Chairman and President will be greatly missed, and as a club we are in debt to them both for all their time, energy and professionalism over the last 25 years, in putting Andover Cricket Club where it is today. However, we are moving forward.

We have a new chairman, and a new committee who I know are totally committed to ACC. They have been working hard over the winter to ensure that the building blocks are in place for 2010 and beyond. In terms of sponsorship, (**Powells** continue to sponsor the club), players and facilities for this season. You will have all seen the new website for example, more up to date with a member's login. The committee wants to use this as the main medium for communication – so please access the site regularly. We continue to have six Saturday teams and two Sunday teams - that I find amazing: every weekend over 100 members enjoy representing ACC. Long may that continue.

Our flourishing Youth section continues to grow and evolve with well over 200 young players both boys and girls...this is the long-term future of our club.

The playing facilities and the ground are to my mind second to none in the premier league. The wicket is an outstanding cricket wicket and I am delighted, and of course grateful to Ken Brown, as he continues to weave his magic this year: as always he is in need of help during the year, so any spare time you have to spent at the ground, will be greatly appreciated by Ken.

The most important aspect of the 2010 season is enjoyment – Andover Cricket Club is here for you and all who want to enjoy and play this game we love so much. So, here's wishing you all a very very enjoyable and rewarding season.

With best wishes to you all,
Tim KEIGHLEY (**President – Andover CC**)

TWININGS

For us, tea is more than just a drink. It's a way to calm down, to wake up, to spark an idea, to share a story...

Our own story started in 1706. That's when Thomas Twining first set up shop on London's Strand.

More than 300 years later, the passion's still there – and so are we. We still sell tea from Thomas's shop, and we still work hard to bring new blends to tea lovers. Now we have over 100 varieties, and our teas are drunk all over the world.

True to Thomas Twining's exacting standards, we only blend the finest tea from the finest tea gardens. Our expert blenders – and we've got more of them than any other company – taste more than 3,000 cups of tea every week. So you can be sure the next cup you taste will be every bit as good as the one yesterday or the day before.

Ensuring your Selection

In 2010, Andover Cricket Club is introducing a new automated method for selection; this will be driven directly by Club members. Ultimately each playing member will be accountable for their own selection by ensuring that their availability has been communicated to the Selection Committee, via the on-line Availability form. You should remember that the Selection Committee meets on Monday evenings at 7:30pm; so all information should be updated by that time.

Once you have logged into the website using your own Login and Password you should use "Availability" on the top menu. You will be presented with dates relating to the seasons fixtures, using the drop down list simply select the relevant status to reflect your availability.

5	Threat of assault or physical interference	4 match suspension	8 match suspension	18 match suspension
6	Physical assault	18 match suspension	Life suspension	

The number of offences are intended to be over a playing season, however items Ref. Nos. 4, 5, & 6 may be considered as repetitive over a longer period. The Disciplinary Committee would notify a player and club of the period at the time of any ban.

All offences shall be reported in writing, by the umpires on the Standard Report Form. The umpires shall, before leaving the ground, notify the player and a representative of both clubs their intention to submit a report. A copy of the report should be sent to the Secretary of the League as soon as is practical and no later than five days after the event. The Umpires should keep a copy.

Should a club accept the Umpires' Report, and take action themselves against the offending player in line with the above, notifying the League Secretary of their actions, any ban imposed and the starting date of the ban, the Disciplinary Committee will take into account this action and if satisfied take no further action other than to record the facts and ensure the ban was implemented.
