WELCOME TO THE SEASON FROM THE CHAIRMAN

WELCOME TO SEASON NUMBER FORTY FROM THE CHAIRMAN OF THE LEAGUE

Once again I am able to welcome all clubs to the season of league cricket which in 2011 is our fortieth no less.

Quite a milestone achieved that most certainly will be celebrated during the season and beyond. A far cry from the inaugural season of 1972 which saw just fourteen clubs fielding first and second elevens only with no promotion or relegation or new arrivals until 1975! This year sees us having completed three seasons of our 2008 expansion this after the substantial restructures of 1993 and 2000. We are now in great heart with seventeen divisions with clubs able to field sides fully in a position to find correct levels and compete to their standards.

Burnham are to be congratulated as league champions having held off Amersham in the title race and now returning to the premier league. In the senior division Finchampstead and Beaconsfield rejoin from the premier league and Fleet and Henley 2 are duly promoted. All divisional winners were acknowledged at our 22nd October presentation dinner with guest of honour Jonathan Agnew. These winners from level two and below were :- Fleet, Henley 2, Burnham 2, Hayes, Harefield 2, Maidenhead & Bray 2, Bracknell, British Airways 2, Harefield 3, Marlow 2, British Airways 3, Slough 4, Aldershot 3, Boyne Hill 3, Eversley 4, and Harefield 4.

So a remarkable trio of successes for Harefield and a brace for British Airways! Well done all clubs as well as leading performances at all levels.

As always thanks to you our member clubs for commitment and support. To you the players with your captains, as well as committees, umpires and scorers, ground staff, and tea caterers. Thanks are due to Marrant Group who under Dilip and Sunil continue their interest throughout.

To our management thanks are due for such sterling service to the league. We are sorry to lose Mike Salmon after thirteen years on our management which has been so appreciated. Joining the management is Julia Farman and we look forward to her involvement. Good wishes for another fine and of course fortieth season of our league cricket

Neil Doody- Chairman – Thames Valley Cricket League

THE LAWS OF CRICKET

THE PREAMBLE – THE SPIRIT OF CRICKET

Cricket is a game that owes much of its unique appeal to the fact that it should be played not only within its Laws but also within the Spirit of the Game. Any action, which is seen to abuse this spirit, causes injury to the game itself. The major responsibility for ensuring the spirit of fair play rests with the Captains.

There are two Laws that place the responsibility for a team's conduct firmly on the Captain.

Responsibility of Captains – The Captains are responsible at all times for ensuring that play is conducted with in the Spirit of the Game as well as within the Laws.

Players' Conduct – In the event of a player failing to comply with instructions by an Umpire or criticising by word or action the decisions of an Umpire, or showing dissent, or generally behaving in a manner which might bring the game into disrepute, the Umpire concerned shall in the first place report the matter to the other Umpire and to the player's Captain, and instruct the latter to take action.

Fair and Unfair Play

According to the Laws of Cricket the Umpires are the sole judges of fair and unfair play. The Umpires may intervene at any time and it is the responsibility of the Captain to take action where required.

The Umpires are authorised to intervene in cases of:

- Time wasting
- Damaging the pitch
- Dangerous or unfair bowling
- Tampering with ball
- Any other action that they consider to be unfair

The Spirit of the Game involves RESPECT for:

- Your opponents
- Your own Captain and team
- The role of the Umpires
- The game's traditional values

It is against the Spirit of the Game:

- To dispute an Umpire's decision by word action or gesture
- To direct abusive language towards an opponent or Umpire
- To indulge in cheating or any sharp practice, for instance:

(a) To appeal knowing that the batsman is not out.

(b) To advance towards the umpire in an aggressive manner when appealing.

(c) To seek to distract an opponent either verbally, or by harassment with persistent clapping, or unnecessary noise under the guise of enthusiasm and motivation of one's own side.

Violence

There is no place for any act of violence on the field of play.

Players

Captains and Umpires together set the tone for the conduct of a cricket match. Every player is expected to make an important contribution to this.

Secretary's Report 2010

Once again the 2010 league season was marked by decidedly average weather, similar to previous years. However this did not hamper the Leagues activities and over 90% of matches were completed. My congratulations, as ever, must go to the divisional winners but in particular to 3 clubs who had multiple winners this season. **Burnham CC's** 1st and 2nd XIs won their divisions with their 1st XI returning to the HCPL. **Harefield CC** had an outstanding season with their 2s, 3s and 4s winning their divisions. This, coupled with their 1st XI's good start in Premier League cricket, is easily their most successful season ever! And last but not least, **British Airways CC's** 2nd and 3rd XIs also won their divisions. Well done to you all!

Kew CC's Bruce Friderichs once again topped the batting in Division 1 whilst **Bracknell CC's** **Mahmood** topped the aggregate runs scored with a very impressive 1117 runs in total. He joined **Harefield's** Mcleod, **NPL Teddington's** Churchman and **Tring Park's** Deal in being the only 4 batsmen to average over 100 this season. Spin reigned at Burnham where Messrs Khan and Aziz each took over 80 wickets in helping their sides win their divisions.

As ever our colts continue to flourish. 15-year-old Ollie Green of **Falkland CC** scored 120 v Chesham in Division 2. **Chesham CC** continue to develop young players with Alex Morgan (U16) and Barney Atkins (U17) both scoring their maiden centuries in Division 2. I should also mention Ollie Turner who captained the 1st XI in the last league match of the season at the tender age of 19. Incredibly he was also their oldest player! **Hurst CC** also have good reason to be looking forward to the future. Rising star Greg Smith (U16) has led the way this season with fine all round performances including taking 27 wickets and scoring his maiden 50. I am continually impressed by the efforts of our member clubs in developing young talent and credit must go all of the coaches and staff at all clubs who spend so much time in this endeavour.

When it comes to all round team performances do not look further than **Marlow CC's** 2nd XI. The team took 80 catches between them, 10 different players scored a 50 and 14 bowlers took wickets. They won 14 of their matches and thoroughly deserved to be Div 6b champions!

Notable all-round performances included James Coyne for **MBCC** 2nd XI (132 and 8-25), G Shiel (U17) for **Harefield CC** 2nd XI (92 and 6-19) and **Farnham Common** 2nd XI's Mali (200* and 5-57). Mali's 200* was not the highest score for the season. That honour goes to Mr St Ledger of **Eversley CC** 3s who scored 201* v **Teddington Town** 2nd XI. Meanwhile the individual bowling honour is taken by **OMT CC** 3s' Mcdonald-Barker who took 9-69 v Marlow 3s.

It is pleasing to report that there were no major problems with regard to discipline during the season and it is clear to us that Clubs are dealing with any disciplinary matters which arise themselves. We hope that this trend will continue into the 2011 season and beyond.

The umpires panel still faces a shortage of umpires despite the new rules that were put into place at last years AGM. An amendment to these rules will be discussed at the 2010 AGM. I urge all clubs to

take heed of the presentation made by Alan English on this night. This is a problem that will not go away and it really is down to all member clubs to actively promote the recruitment of new umpires for the League.

On a national level clubs are facing even more invasive restrictions imposed by the government and it's agencies. The Valuation Office completed a review of business rates for commercial properties which has dramatically increased rates payable by many clubs. On top of this and a particular bugbear of mine, you may recall in my report of last year that PRS (Performing Rights Society) and PPL (Private Performance Licence) levies were being reported on by the Intellectual Property Office. The report was finally published and it is not good news for clubs. It has been recommended that the exemptions we currently enjoy may well be scrapped. So we now have to face the possibility of paying even more for having the TV or radio on in the background in our pavilions! Full credit to the ECB who are representing us all in this matter.

This year's League Dinner was a tremendous success. Earlier in the year we had made the decision to change venues in order that we could increase the capacity. This was justified when a tad under 200 guests arrived at British Airways' Concorde Club for a memorable evening with guest of honour Jonathan Agnew. The evening also saw us commemorate 30 years service on the Management Committee by Neil Doody and Martin House. Our thanks to **British Airways CC** for hosting the event and to all those who came to celebrate this years winners. In 2011 we will be at the same venue with an even bigger capacity to celebrate the League's 40th Anniversary. I sincerely hope that we can get all of our member clubs to send a representation. Planning has already started and we are hoping to organise a very special evening indeed.

Former member club Hampton Hill CC's pavilion was subject to an arson attack in October and I was saddened to hear that the club have lost all of their priceless memorabilia marking the club's 155 year history. I know that there are many friends of HHCC within the TVCL and I will keep everyone informed on the club's attempt to rebuild their clubhouse.

Slough CC this year were rocked by the passing away of 2 stalwarts of the club. Bar Manager Hazel Hawkins was a familiar face to not just Slough members but also to visiting teams. She had been associated with the club for nearly 40 years and has clearly left a void since her passing. Club chairman and President Tony Ellis passed away at the start of the season. He had been involved with the club over the past 5 decades and will be sorely missed by all those who knew him. The club have now re-named their ground Ellis Park. A lovely and classy touch!

The League would like to extend their sympathies to both families and to all members who have had bereavements this year.

The League Management Committee will continue to identify and train future committee members. Like any other league we would struggle to exist without an effective administrative structure. This year we welcomed Richard Thomas of **Gerrards Cross CC** onto the main committee and also to chair

the Disciplinary and Complaints sub-committee. Next year our search will continue to bring some new faces into the fold!

At this stage, I would like to record my personal thanks to members of the Management Committee for the work that they have undertaken during the last season. The administration of a League such as TVCL is no easy task and they have all carried this out to perfection considering that they also juggle other cricket commitments as well.

Additional thanks should go to members of the various Sub Committees, Umpires, and club officials for the hard work that they undertake during the course of the season. Thanks, as ever, to all Club Secs who more often than not have responded in timely fashion to my many emails over the course of the season.

Finally and on a personal note I would like to thank a small group of gents who do not get as much credit as they should- our Results Secretaries (John Goodman, Joe Dawson, Paul Dean and Stuart Hill). They really are a dedicated group who give up 18 consecutive Saturday evenings as well as many hours during the week to compile results, tables and stats for 17 divisions. It is not an easy job and is pretty thankless and on top of this John and Joe have had to endure merciless teasing from yours truly this season for no reason other than for personal amusement. I hope that this acknowledgment will go some way in showing to you that the members of this League really do appreciate your efforts. I would like to sign off by confirming that the Thames Valley Cricket League continues to flourish and to maintain it's status as one of the leading leagues in this country.

Raj Patel, TVCL Hon Sec

Club Cricket Conference

The League and all of our member Clubs are affiliated to the Club Cricket Conference (CCC) which provides a wide range of support services and facilities to recreation/community Cricket Clubs throughout many Counties.

The CCC was founded in 1915 with the specific objectives of working to promote and safeguard the interests of grass root Club cricket and Club cricketers. Today it has a membership of almost 1300 Clubs with an estimated playing membership of 50000 cricketers.

In addition to the core support services that the CCC traditionally offers member Clubs, i.e. a computerised Fixture Bureau and the Circular of Vacant Dates, the Conference also provides expert and experienced help both with in-bound and out-bound tours (it has published a very helpful guide to Clubs thinking of going on tour called "I'll only be gone a few days"); exclusive, comprehensive insurance cover for cricket Clubs and their Officials; help and advice on CRB and disciplinary playing matters; indeed the full range of support services one would expect from a modern membership organisation.

The CCC Yearbook has been considerably expanded over recent years to include not only comprehensive details of member Clubs by County, but also a full listing of Leagues affiliated to the CCC; a list of the CCC's own qualified (and CRB cleared) Umpires and Scorers; and full information about its sponsored annual Inter-League competition for the Premier Leagues Cup and the Sovereign Trophy.

For the 2010 season the CCC Fixture Bureau opens on Monday 13th April and closes on Friday 25th September. Opening hours will be 0930 - 1700 Monday - Friday and the telephone numbers are:-

MORRANT THAMES VALLEY CRICKET LEAGUE

Our History and Officers

2011 sees the 40th season of our league cricket after it all started as with others in 1972. The inaugural meeting of the original league was on 14th April 1970 with the league cricket commencing in 1972. We had 14 clubs initially with 2 more added in 1975, a further 2 in 1979, then 2 joining and one departing in 1988. In 1989 we gained another club to ensure our complement of 20.

The league reconstituted following a meeting on 30th April 1992 so that 1993 saw 38 clubs joining. They included 29 from the Lee 75 and Three Counties leagues together with 10 new clubs. The two leagues then disbanded. Our compliment of 59 clubs was increased by one in 1994 to see 60 clubs. 2000 saw reorganisation following the advent of premier leagues who took on first eleven sides only. In 2009 there were 8 new clubs who introduced 20 sides and additional teams from existing clubs in 2010 mean that there are 16 divisions of 10 and division 9 has 18 so 178 sides in all.

THE LEAGUE UMPIRES COMMITTEE AND PANEL

Season 2011 will see the Umpires panel organised for as many senior matches as possible in the top 5 Divisions and advised together with the fixtures in this handbook. Special appointments for particular matches can be made, either at the request of member Clubs, or at the Committee's discretion if Umpires are available. The Committee will advise all Clubs of appointments prior to the start of the season. Contact numbers for individual Umpires are listed on pages 50/51 of the handbook. Changes to appointments may occur during the course of the season. Clubs are urged to provide good and separate facilities for Umpires, whether Panel appointed or otherwise. Clubs are informed of umpiring fees prior to the Season start (see below) and must make these fees available before the start of play. It is the responsibility of **Home Clubs** to pay Umpires prior to the start of matches in Divisions 1, 2A & 2B. Below level 2, it is the **requesting Club** which pays the Umpire, whether playing at home or away. For cancelled matches, please refer to Match Rule 3f(3) on page 83 of the TVCL Handbook. Any match cancelled **after** the arrival of the Umpires (but prior to the start), then up to half the fee is payable to each Umpire appointed.

Captains must individually mark Umpires standing in matches in Divisions 1, 2A, 2B, 3A and 3B, whether appointed by the League or otherwise. Captains are required to send reports to the designated Committee official. These marks are analysed and acted upon to ensure that due standards are maintained. Umpires mark a single card on ground, facilities, pitch conditions, behaviour and attitude of players, captaincy and over rates. These also assist the Management Committee to ensure that adequate overall standards are being maintained. The Committee is reluctant to appoint Umpires to grounds where facilities including changing accommodation and showers are considered to be inadequate.

GUIDANCE NOTES FOR UMPIRES ON THE COMPLETION OF MATCH REPORT & OTHER LEAGUE UMPIRING MATTERS

These notes are intended to provide guidance for Umpires when completing the Report, so that a degree of consistency may be achieved. They provide an indication of the sort of factors that may affect markings but do not attempt to suggest the number of marks that should be deducted – this is determined by the severity and is "in the opinion of the Umpire". Marks are required in nine categories – Ground, Pitch, Home Players Discipline, Away Players Discipline, Umpires Facilities, both Captains and Hospitality. Each of these should initially be given 6 marks (the maximum possible) and then deductions made where the Umpires observe shortcomings. The remainder of this note suggests some of those shortcomings, but the list may not be exhaustive. If awarding a mark lower than 4, the comments box on the card should be used to indicate why marks were deducted. There will be one card per match. Umpires need to liaise after the match to agree joint marks.

Clubs are not normally told of changes to umpiring appointments. It is advisable for Umpires to try to make contact with the home Club before travelling if the weather is poor and play is in doubt. **The match fee for 2011 has been set at £40 for each League appointed Umpire.**

a) Ground – to be perfect, the outfield should be free from bumps, with grass cut quite short and with grass cuttings removed. The boundary should be well marked, preferably with a rope, but flags on a well-drawn line are adequate. The boundary should be visible to both Umpires when "in position". Sightcreens should be provided at both ends. Covers should be available. Sawdust (or similar) should be available if required.

b) Pitch – the pitch should be cut as short as possible, to the correct width. It should be flat (but not necessarily level – marks are not to be deducted for sloping pitches) and free from holes and non-natural marks. Crease markings should be correct and clear. Stumps should be correctly pitched and be in good condition. The pitch ends should not "break up" too quickly or too seriously. Bounce should be consistent throughout the game (with allowance for rain during the match). Stump holes should be watered in dry conditions.

c) Players' Discipline – players should be congenial and considerate to each other and towards officials. "Sledging" of any form is not allowed and should be reflected in your marks and reported to the League Secretary. Excessive swearing, or swearing that could be heard by spectators should lose marks. Dissent to Umpires' decisions should lose marks, serious dissent should also be reported. Bowlers and Captains "querying" decisions should not necessarily be considered dissent, e.g. a quiet "what was wrong with that Ump" might be deemed reasonable. However, excessive (i.e. too frequent) queries should be discouraged by a quiet word with the Captain. If there is no improvement then marks should be deducted. Any deliberate action by a player that may annoy another player should lose marks. A poor over-rate is often the result of needless time wasting and should be penalised under this category.

d) Umpires' Facilities – Umpires should be provided with a separate, secure, clean and lockable room. It should be of sufficient size for two people and their bags etc. and should ideally have adequate seating, lighting, clothes hanging facilities, as well as a mirror and a small table. It should not be doubling as a storeroom. The Match balls and a box of reasonable spares should be available in that room.

e) Captains – Captains should be marked for knowledge and application of the Laws of Cricket and TVCL Match Rules, example setting, control of their teams and over-rates.

f) Hospitality – account should be taken of such things as the welcome you receive upon arrival at the Club, whether the cricket balls are handed to you in good time, whether you are offered a set of spare balls, receiving payment without having to ask for it and general after match sociability.

g) Player of the Season – the League rewards the Player of the Season as voted upon by Umpires in the Divisions in which panel Umpires are appointed. Umpires are to adjudicate upon whom they consider to be the two best players in each match, based upon performance. When making a decision, it may be necessary to take account of any "minus" considerations that might occur such as unsporting behaviour or dissent at Umpires' decisions. Therefore, you might award a player 1st place but because he showed dissent, you could take that into consideration and mark him down. If it is difficult to find two players deserving of marks, then don't worry. The 1st place will suffice. For your information, the player you place first will receive three marks and the player you place second will receive one mark. At the end of the season the player with most marks wins the award.

Procedure for Handling Incidents of Poor performance by Non-Panel Umpires

Below is a general guideline to be applied to all umpires (other than “player umpires”) in matches where Panel Umpires are not standing

1. Clubs will be advised of the need to ensure that umpires provided by them are fully advised of the Laws of Cricket and that they can be reasonably expected to work at all times within the Spirit of Cricket.
2. In the event that any captain has a complaint about a particular non-Panel umpire, it should be reported as soon as possible to the League Secretary and the Umpires’ Representative on the TVCL Management Committee.
3. When we are aware of a first report, the D&C will talk to the Club about the possibility of remedial action .
4. If there is a second complaint, the D&C will ban the umpire concerned from standing in all TV League matches until remedial attention has been undertaken by the club.
5. The Club will be responsible for sending the umpire to an appropriate umpires’ course, and the umpire will be expected to take and pass any examination associated with that course.
6. Once the D&C have received proof that the relevant examination has been passed, the umpire will immediately be eligible to stand in TVCL games.

Procedure for Handling Potential Incidents of “ Throwing “ & Dangerous and Unfair bowling

Our professional advisors have stated that it is almost impossible to ascertain whether a bowler has an illegal action (“throwing”) with the naked eye. In the First Class game, bowlers are not “no-balled” for throwing – they are reported, and then analysed.(there is also a discretionary 15 degree allowance in the changed angle of the arm). Some bowlers also hyperextend – i.e. extend the elbow joints by a negative angle with respect to the upper arm – which gives the impression of a throw.

It is therefore not surprising that players and umpires in the recreational game have a problem in assessing correctly whether a bowler “throws”.

Below is a general guideline to be applied to all players in matches where Panel Umpires are standing and applies to both slow and quick bowlers. It does not apply in other matches.

1. Umpires will be expected to apply Laws 24.2 if, in their opinion, the action is illegal..
2. Whenever an umpire calls “ no-ball” under these laws, it will be reported by the umpires on their match report cards. (whether the first, second or third occurrence in the match).
3. In addition if an umpire has reasonable grounds for suspicion that an action is illegal on a regular or occasional basis this will be reported on their match report cards.
4. When we are aware of a first report, the D&C will talk to the Club about the possibility of remedial action.
5. If there is a second report for the same offence, the D&C will ban the player concerned from bowling in all TV League matches until remedial action has been undertaken by the club and the player has been re-assessed by a senior (normally ECB Level 3 or above) coach.
6. The Club will be responsible for sending the player to an appropriate coach, approved by the D&C for both formal video analysis (in practice) and remedial coaching, where necessary.
7. If the formal analysis clears the action the bowler will immediately be allowed to bowl again in TVL matches. If the analysis confirms the action to be illegal, remedial action must be taken.
8. Once the D&C have seen a written report and video evidence from the coach indicating that there was a fault and it has, in his opinion, been remedied, the bowler will be allowed to bowl again in a TV League match in order that his action can be videoed in match conditions.
9. The bowler will be allowed back to bowl in TVCL matches with the clearance from the approved coach and the D&C of the new video evidence (It is intended that this process will be completed by the match day following the videoing.).
10. The D&C will maintain a list of acceptable coaches.
11. The D&C will keep the Chairman and Appointments Official of the League Umpires Committee informed of those players who have been reported.

“Dangerous and unfair bowling”

- A Umpires will be expected to apply Law 42.7 if in their opinion a bowler’s action is dangerous or unfair.
- B In the event that a bowler infringes on 3 occasions and is thus stopped from further bowling in a match the umpires will report the facts on their match report cards.
- C The D&C will then follow similar procedures to those outlined above.

Summary of Gradings – 2010 Season

Gradings & Standards 2010

This summary has been compiled by Mike Salmon & Barrie Hatch of the Gradings & Standards Sub-Committee based upon the weekly assessments of Team Captains and Panel Umpires in Divisions 1 and 2A/B. Discipline, Umpires' Facilities, Hospitality and Over-rate statistics were compiled by John Goodman from umpires' reports.

Once again we make a plea for honesty in marking pitches and outfielders! There are too many occasions where the markings of the captains cannot both be explained by logic, and it appears that the result has influenced the marks. We need to have reliable information available in order to assess whether facilities of the appropriate standard are being provided. These markings are the best season-long assessment we have of which grounds are meeting standards, and which need to improve.

The marks for the League's Clubs 1st and 2nd X1s are shown on the following pages. This year there are many fewer clubs whose average marks are less than 4 ("Good" in our scale of 1-6). Pride of place this year goes to **Odiham & Greywell** with a pitch mark of **5.6**, beating **Bracknell** (5.5). **Tring Park** achieved the best outfield with **5.8**, beating **Bracknell** (again) with **5.7**.

Of the teams whose facilities/behaviour is assessed by Panel umpires, **Chesham** notched up an almost unbelievable **5.9** for behaviour – dropping only one mark out of six all season. They must have been on an anger management course! But they are a credit to the League. Only two teams managed less than 4.5 – the same number as 2009. The award for the best place for umpires to be on a Saturday night is shared this year between **Datchet** and **Sonning** with marks of **5.9** for hospitality. No comment on those who scored lowly marks, except that they should look at their future arrangements. We must all remember that we owe it to umpires to be hospitable after the match. Comfort, in the facilities provided for the umpires, remains an issue – more than 40% of the assessed Clubs were marked below 4 (Good on our scale of 1-6).

The umpires' assessments also include Over Rates, so it is worth noting that 5 of the Division 1 sides managed to average 17 overs/hour or more, with 7 of the combined Level 2 sides achieving the required rate – that still leaves 18 sides not meeting the League standard. Obviously, location can make a difference as can the bowling mix and the scores achieved, but with some averages as low as 16.1/16.2, it is hard to see why there is such a discrepancy with the most efficient side – **Tring Park 2** – who managed to average marginally over 18 overs per hour.

Marks for teams not playing on the Club's main pitch or playing on hired pitches are not viewed so severely, but clubs are still expected to provide for cricket at a level comparable to the other teams in their Division. This year, **Finchampstead's** second pitch was the best (**5.25**) with **CSP, Burnham, Falkland & NPL Teddington** all **5.0** or over. **CSP (5.57)** and **Tring Park (5.56)** had the best outfield. The number of teams averaging below 4 is naturally higher in the lower Divisions, although only one pitch fell below 3.0 and no outfield. However, where grounds have received marks in the Unacceptable/Poor range, then consideration is needed for remedial work.

The League is committed to encouraging Clubs to engage in continuous improvement of pitches and outfielders. This is easier for some than others, but all Clubs are expected to make significant effort to meet the standards accepted as appropriate for our League. Encouraging captains/bowlers to speed up over-rates is not dependent upon weather (entirely!) and the laggards are encouraged to make a real effort for 2011. Similarly, it is the responsibility of captains to maintain discipline on the field and be hospitable to opposition & umpires alike off the field.

Gradings: -1 = Unacceptable; 2 = Poor; 3 = Acceptable; 4 = Good; 5 = Very Good; 6 = Excellent.

PREPARATION AND MATCH DAY REQUIREMENTS FOR THE MORRANT THAMES VALLEY CRICKET LEAGUE

The League requests our Member Clubs to carry out all requirements necessary to ensure that full arrangements take place for League matches. All Clubs are expected to ensure that their grounds and pitches are prepared and fit for play on League match days. All Clubs are reminded that Team Captains need to introduce themselves to match Umpires, whether panel appointed or not and to supply the Umpires with a team sheet as required by the Laws. **Captains of teams in Divisions 1, 2A, 2B, 3A and 3B are expected to do this.** At all levels the home team must ensure a supply of at least six good quality League balls of variable wear, is readily available for use when required during the match.

GROUND AND PREPARATION

The ground, including the outfield, surrounds and the pitch is to be fully prepared in readiness for the match. Boundaries must be defined and markers used if available. Sightcreens are to be aligned. The score box is to be clean and prepared for use.

The pitch must be fully prepared and correctly marked. The League has received many observations from Umpires on crease markings. The popping crease must be a minimum of 12 feet (3.66m) in length. The bowling crease must be 8 feet 8 inches (2.64m) in length. The return creases must be at right angles to the bowling crease and must be a minimum of 4 feet (1.22m) in length. Each return crease shall be marked from the popping crease to a minimum of 8 feet (2.44m) behind it.

It is strongly recommended that covers be used pre-match wherever possible by Clubs who have suitable/adequate covers. This ensures pitch protection leading up to the start of the match.

MATCH DAY ADMINISTRATION

The League appoints Panel Umpires for all matches in Divisions One, 2A and 2B and for some matches in Divisions 3A and 3B. Clubs are advised of these Umpires and their telephone numbers before the start of the season. Panel Umpires' expenses must be paid in sealed envelope before the start of the match – £35 per Umpire in 2009.

As soon as possible after the match and **in all cases by 9 pm, Home Sides** must telephone the match result to their Divisional Results Secretary. When telephoning, always state the precise Division and which XI (i.e. 1st, 2nd or 3rd), the names of both Clubs involved, who won the toss, the exact scores from the match, the number of wickets each side lost, the number of overs each side bowled and both the Forenames and Surnames of players scoring 50 runs and/or taking 5 wickets in the match, also mention any hat-tricks and the like and the number of points earned by each side. All this information is of considerable assistance to the results secretary so best to record it on paper prior to making your telephone call. The names and telephone numbers of the Divisional Results Secretaries and the League Divisions for which they are responsible are shown on page 3 of this Handbook. The match result sheet must be completed to show the result and points and to include names of players on both sides. The result sheet must be signed by both Captains who are expected to enter marks for both the ground and outfield. The match result sheet must be sent by first class post to the Divisional Results Secretary, to arrive by the Thursday following the match.

Each Captain marks League appointed Panel Umpires, and any other Umpire standing in Division 3A or 3B, on a separate card that is sent to the named destination by first class post, also to arrive by the Thursday following the match. Proper preparation and match management, with attention to the necessary administration, does assist in ensuring the prospect of a good match on the day.

In pursuance of these standards the following rules of conduct shall be complied with by all those subject to the jurisdiction of the League Management Committee (for the purpose of these rules hereinafter known as a participant).

Each participant shall at all times conduct themselves fairly and properly on the field that, for the purpose of this paragraph, shall include any part of a cricket ground and not merely the field of play. In arriving at its decision the Management Committee (or Discipline and Complaints Sub-Committee) shall follow the procedures laid down in the Complaints and Disciplinary Procedures below and shall take account of codes of conduct, guidelines, and policies issued from time to time by the England and Wales Cricket Board and any Premier League into which TVCL Clubs may be promoted.

Any 3 reports from Umpires' cards in any one season (Guidance notes for Umpires on the completion of match report cards & other League umpiring matters in the TVCL Handbook refers) indicating marks that fall below 3 for discipline shall result in a 5 points deduction to the team concerned. Each subsequent such mark shall incur a further 5 points deduction to the team concerned. This shall only apply in matches where panel Umpires are appointed.

2. COMPLAINTS & DISCIPLINARY PROCEDURES

a. Any Club or Umpire wishing to lodge a complaint on any matter must do so by letter signed by, in respect of a Club, the Club Secretary or his designated deputy, or by the Umpire concerned, addressed to and received by the League Secretary or any member of the Disciplinary and Complaints Sub-Committee within fourteen days of the event.

(i) Acknowledge receipt of the letter either by letter or telephone to the Umpire or the Secretary of the Club making the complaint.

(ii) Contact the Secretary of the Club against whom the complaint has been made or, if unable to contact the Secretary, the Chairman of that Club, informing them of the complaint.

(iv) Send a copy of the letter of complaint to the Umpire(s) together with a request for a report(s) if necessary.

c. All reports must be sent to the League Secretary or any member of the Disciplinary and Complaints Sub-Committee within seven days of first being contacted by the League Secretary.

d. In the event of a Club and/or player against whom a complaint has been made failing to comply with the above provisions, a fine of £25 per week or part thereof will be levied against the Club, and after the first week, an additional fine of five points per week or part thereof will be made against the Team concerned.

e. As soon as all the reports have been received the appointed Sub-Committee shall convene to consider the matter and pronounce judgement. Where the Sub-Committee feels that it is appropriate, the Club and/or individual concerned may be invited to a hearing.

Any Club or individual against whom a complaint has been made shall, at the time of responding to the complaint (as above), have the right to request a hearing

The League Secretary or any member of the Disciplinary and Complaints Sub-Committee shall inform the Club and/or individual concerned of what complaint or complaints have been upheld against them and the penalty for complaint.

In the event that the Club has put in a defence to any complaint, any decision of the Committee will be detailed.

f. If the decision is to fine a Club and to fine and/or suspend a player then the Chairman of the relevant Sub-Committee or the League Secretary shall inform the Club (of which the player is a member) of the decision in writing.

3. APPEALS PROCEDURE

a. Any Club or individual shall have the right to appeal against a decision of a Committee.

b. Notice of appeal, setting out the grounds, must be given in writing to the Secretary of the League within fourteen days of the notification of the said decision, together with a deposit of £100 payable to the League of which £50 will not be refundable.

c. Upon receiving notice of appeal, any penalty imposed by the original decision shall not take effect pending the hearing of the appeal.

d. The appeal shall be in the way of a hearing by the Management Committee. Except that the members of the Sub-Committee that made the decision which is the subject of the appeal shall only be represented by the Chairman of that Sub-Committee or his nominee. The Chairman of that Sub-Committee or his nominee shall be permitted to take part in the proceedings but shall be required to retire when the Management Committee makes its decision. The Management Committee may also, at its sole discretion, request other parties to attend the hearing and give evidence.

e. The player or Club shall have the right of attendance and may call witnesses in support provided that the witnesses have made written depositions of their evidence to the Sub-Committee that made the original decision at the time the decision was made.

f. The Management Committee may confirm, vary (which shall include the power to increase or decrease penalties) or reverse the decision. It shall also have the power, where it considers the appeal to be frivolous, vexatious or lacking in merit, to order the deposit to be forfeited.

g. The decision of the Committee, if no appeal is made against the original decision, shall be final and binding. After appeal, any decision made by the Management Committee shall be final and binding.

4. NON-PAYMENT OF FINES

Any fine levied under these procedures or for the breach of any League rule must be paid to the League within twenty eight days of the Member Club being notified of such fine.

Any fines still outstanding at the end of that period shall be increased by 100% of the original fine, when a senior officer of the offending Club shall be notified to the effect that the fine is outstanding and given a reminder that if after a period of fourteen days from that reminder, the fine is still outstanding, a deduction of five points shall be made from the points gained by the side that received the fine.

In respect of other payments owed to the League by Member Clubs, these shall be treated as if they were a fine, except that points shall not be deducted. Such payment shall continue to increase by 100% for each further twenty eight day period that the payment remains outstanding.

MATCH RULES

1. FIXTURES

a. Matches are to be played on Saturdays allocated in the fixture list or on dates agreed by the Management Committee. The fixtures between the Clubs shall take place on consecutive Saturdays in the season commencing on the Saturday fixed by the Management Committee. All League matches shall be played on a pitch/ground that has been designated by the Home Club, and approved by the Management Committee.

Any Club wishing to play a home match on a pitch/ground other than its designated one must first obtain permission from the Management Committee by no later than noon on the Wednesday before the match. Failure to do so could result in the loss of points.

The Management Committee shall only grant permission for a change of pitch/ground in exceptional circumstances -e.g. where a change of pitch does not affect the playing arrangements for another TVCL match scheduled to be played on the ground on the same day. The pitch used must comply with TVCL gradings and standards.

The ground executive of the home team shall determine the fitness or otherwise of a ground (i.e. pitch and/or square and/or outfield) before a match and the home team shall advise its opponents when a fixture is to be cancelled. The decision to cancel matches shall not normally be taken before the day of the match. The away team shall accept such a decision.

b. If a Member Club is playing in the final of a recognised major cricket competition on the same weekend as League fixtures (that will include a Friday) that weekend's fixtures involving the said Member Club may be rearranged for a date(s) not later than the Sunday prior to the last Saturday of the League season subject to the approval of the Management Committee. Any other required variation of fixture dates allocated shall be subject to the approval of the Management Committee that must be given at least four weeks notice of such variation by both Member Clubs concerned.

c. If a Club cancels or fails to honour a fixture for any reason, other than the weather, that is not considered satisfactory by the Fixtures and Results Sub-Committee, 20 points shall be awarded to the other side. However the non-offending side shall only retain the 20 points providing 40% or more of the fixtures due to be played on that day in the relevant division (e.g. Division 6A) are completed. Otherwise that side shall only be awarded the points applicable for a void match. The Club cancelling the fixture shall be liable for any reasonable expenses incurred by the opposition.

The Club cancelling the fixture shall notify the opposition Team Captain or Fixture Secretary and the relevant Divisional Results Secretary immediately the decision is made that the fixture is to be cancelled. Failure to notify such persons as required shall render the offending Club liable to a fine of £10. The offending side will also reimburse the offended side all reasonable costs incurred. Any disputes as to costs are to be resolved by the Management Committee.

If a match is so cancelled after 10pm on the Wednesday prior to a Saturday match (or within an equivalent period prior to a match arranged for any other day), the Club cancelling the

match shall have five points deducted at the absolute discretion of the Management Committee.

The offending side may be subject to disciplinary action by the Management Committee and further points, up to the maximum available from that fixture, may be deducted from their total.

The Management Committee may order the match to be played under such conditions as they see fit.

2. LAWS

The matches shall be played according to the Laws of Cricket (2000 Code 4th Edition – 2010) that came into force with effect from 1st October 2010, any subsequent new Laws or amendments, and such experimental Laws as from time to time may be applied to Club Cricket or may be decided upon by the Management Committee, who shall liaise with the League's Umpires Sub-Committee before making any such decision.

As appropriate before the start of a League season, the Management Committee shall inform all Member Clubs of any Laws that are not to be applied in League Matches that season, to which Divisions of the League such Laws are not to be applied, and any further action regarding such Laws that is to be taken in that season by Member Clubs.

3. HOURS AND CONDITIONS OF PLAY

a. Starting Time

Matches shall start at 1.00 pm except the last 4 in the League calendar, which shall start at 12.30pm. Twenty minutes shall be allowed for tea between innings or at a time agreed by both Captains and both Umpires.

Clubs are expected to start matches promptly.

b. Duration of Play

The normal duration of play shall be one hundred overs. The side batting first shall occupy not more than 52 overs. The side batting second shall occupy the balance of the one hundred overs not occupied by the side batting first, an incomplete over in the first innings being counted as a complete over.

c. Delayed or Interrupted Matches

1) The consideration of the fitness of the prevailing conditions for play and any adjustments to the length of a fixture shall be strictly controlled by the application of the Laws of Cricket.

2a) In a match where there is a delayed start or there is an interruption in the first innings only, up to 30 overs may be deducted from the match (i.e. the match duration must a minimum of 70 and a maximum of 100 overs) on the basis of one over subtracted for every completed 3.5 minutes of overall stoppage(s) with the proviso that the side batting first shall in every case be entitled to receive four more overs than its opponents.

N.B. After the completion of the first innings of a match no further reduction of the number of overs to be bowled may be made. If the side batting second is unable for any reason to complete the innings then the match has to be abandoned.

2b) In conditions described in 2a above, where there has been a delay of more than 105 minutes in total, if both Captains agree there is sufficient time remaining to complete the 100 overs or a reduced match as described in 2a above and providing that the Umpires are satisfied that the conditions are fit to play in accordance with the Laws of Cricket, the match may be played to its conclusion.

3) In an abandoned match each team shall be awarded seven points (as for a void fixture) or the bonus points that it has earned, whichever is the greater.

d. Ball

One new ball shall be used for each innings, except that the Captain of the side fielding second may call for the new ball at any time in the 2nd innings. Once the new ball is taken in the 2nd innings, the ball in use at the end of the 1st innings may not be used again unless used as a spare ball. Balls for all League matches shall be supplied to the Clubs by the Management Committee and the Clubs shall pay the League Treasurer for such balls receipt of such payment to be no later than the 30th April each year. Failure to pay by this date will render the offending Club liable to a surcharge per ball as determined by the Management Committee.

In the event that the Management Committee arranges a meeting of all the Member Clubs before the start of any League season for the purpose of distributing the match balls etc. Any Club that does not send a representative to collect the match balls etc. shall be liable to a fine of £25.

e. Last Over

Umpires shall call the last over of each innings and ensure that the call is understood by the batsmen in possession, the Captain of the fielding side and by the scorers. Throughout the innings of the side batting first, the number of completed overs received should be recorded on the scoreboard. During the innings of the side batting second the maximum number of complete overs remaining to be bowled should be similarly recorded.

f. Umpires and Scorers

1) Umpires for Divisions 1, 2A, 2B, 3A, and 3B, shall, subject to availability, be appointed by the League at the discretion of the League Umpires Panel Appointments Officer. The Management Committee reserves the right to appoint Umpires for any other match at its sole discretion. All panel Umpires should be members of the ECB OA/ACU&S.

Each Umpire in the aforementioned Divisions, whether panel appointed or otherwise, shall be assessed on his/her performance by both Captains, who shall send their marks to the Umpires Administrator to arrive by the Thursday after the match, either on the supplied postcard or by any other medium the Management Committee may authorise. A fine of £5 will levied against

a Club for each and every infringement of this rule. Panel appointed Umpires shall also provide a brief match report on the conditions and facilities at the match on the card provided.

2) In Divisions 1, 2A and 2B Umpires appointed by the League shall be entitled to a match fee as determined by the Management Committee. This fee shall be payable by the home team before the start of the match.

In Divisions 3A, 3B and below:

(i) If Umpires are appointed at the request of a Club, then that Club shall be responsible for paying the match fee as determined by the Management Committee. This fee shall be payable before the start of the match.

(ii) If Umpires are appointed by the League for any reason other than being requested to do so by either Club, the Umpires fee as determined by the Management Committee shall be paid by the Management Committee as soon as possible after the match.

3) In the event of a match being cancelled through inclement weather, or for any other reason, each Umpire appointed by the League shall be notified immediately the decision to cancel is made.

Should an Umpire not be so informed and arrives at his allocated venue, they shall be entitled to half of the determined match fee payable by the Home team direct to the Umpires if possible on the day of the match or in any event no later than seven days after the date of the match.

4) Each team shall provide an Umpire if one is not appointed by the League. For matches in Divisions 1, 2A, 2B, 3A, 3B, 4A, and 4B each team that fails to provide an umpire shall be deducted 5 points on each and every occasion, unless that team's Club has provided a minimum of one umpire to either the current TVCL or HCPL Umpires Panels. For matches in all Divisions of the League where Umpires are not appointed by the League, teams are expected to make every effort to provide an Umpire.

5) Each team shall provide a scorer. For matches in Divisions 1, 2A and 2B, each team that fails to provide a scorer shall be fined £5 on each and every occasion. In all Divisions teams are expected to make every effort to provide a scorer.

g. Over Rate

Clubs shall maintain an over rate of 17 overs per hour (one over = 3.5 minutes).

An additional 10 minutes per innings shall be allowed to account for stoppages. In exceptional circumstances only, Umpires shall use their discretion to increase the time allowed for stoppages.

The Umpires will agree the time taken to complete the innings and calculate whether any excess time applies and if so, how much. The Umpires calculation shall be final and not subject to appeal. Incomplete overs shall be rounded up.

In Divisions 1, 2A, and 2B, whether or not the match is umpired by members of the TVCL panel, the following penalties will apply for slow over rates on an individual match basis:

- 1) For every one over or part of one over but not more than 2 overs not bowled at the expiry of the time allowance 1 point is to be deducted.
- 2) For more than 2 overs but not more than 4 overs not bowled at the expiry of the time allowance 2 points are to be deducted.
- 3) For more than 4 overs not bowled at the expiry of the time allowance 5 points are to be deducted.

Penalties shall not apply if an innings lasts less than 2 hours allowable time.

N.B. the following table applies and includes the 10 mins allowance. (1/2 mins have been deleted)

Overs	Time	Overs	Time	Overs	Time	Overs	Time	Overs	Time	Overs	Time

h. Teas

The cost of the teas for both sides and the match officials is to be borne by the Home Club.

4. POINTS AWARDED

Points will be awarded as follows:

a.	Win	20 points
	Tie	15 points each
	Draw or Loss	0 points
	Cancelled, void matches	7 points each

For points awarded in abandoned matches refer to Match Rule 3c 3.

A match shall only be deemed a tie if the scores are level after the side batting second has lost all its available wickets.

Where a result is obtained in the event of the side batted first winning, that side shall be awarded 25 points.

In the event of a team being unable to play a match(es) on their home ground owing to restrictions imposed because of foot and mouth disease for example, no points shall be awarded to either side.

The final League position in any Division where such a cancellation occurs shall be determined on an average points per match basis, by dividing the total number of points

gained by a team by the number of matches not affected by foot and mouth restrictions (for example).

N.B. Teams shall be permitted to rearrange, on the scheduled date, the venue of any match that would otherwise have to be cancelled owing to foot and mouth restrictions. The new venue must be acceptable to both teams and any additional ground hire costs, other than those normally incurred by the home team shall be shared equally by both Clubs. Teams are expected to make every effort to fulfil fixtures. No postponements shall be permitted.

b. Bonus Points:

Batting		Bowling	
total runs scored	points	total wickets taken	points
100	1	2	1
125	2	4	2
150	3	6	3
175	4	8	4
200	5	10	5

The above table refers to the awarding of bonus points, except that the side fielding second shall receive a fifth bowling point at the fall of the ninth wicket. 5 bowling points shall be awarded to a fielding team when a batting side, with fewer than eleven players, is bowled out. The side batting first shall be entitled to double their achieved batting bonus points unless they win.

The side losing may receive batting and bowling bonus points and both sides shall receive these in the event of a drawn match.

(N.B. The winning side and those involved in tied matches do not retain bonus points.)

Each Club's position in the League table shall be determined by reference to the total number of points it gains.

5. PLAYERS' ELIGIBILITY

- 1) All players must be bona fide members of the Club for whom they are playing
- 2) A player shall be entitled to play for one Club only during any season except that a player may transfer to another Club provided that the conditions of paragraph 3) below are met.
- 3) A player may only transfer to another Club in the League during the season and be eligible to play for their new Club in a League match when **ALL** of the following conditions have been met:
 - a) The Chairman of the Player Eligibility Sub-Committee has been notified in writing of the request by the player, and also by each of the two Clubs involved, such notification to be made by completion of the League's Inter Club Player Transfer Form-available on the TVCL website. This shall apply notwithstanding whether the transferring player has appeared for the TVCL Club they are leaving in either the Home Counties Premier League or TVCL.
 - b) The player has discharged all financial and other obligations to their former Club(s) and/or League(s).

c) Four League week-ends shall have passed since the player played their last match for their original Club.

d) The Chairman of the Player Eligibility Sub-Committee has notified the player and each Club in writing:

(i) That the transfer has been approved and registered, and

(ii) The date on which the player is first eligible to play in a League match for their new Club.

e) No transfer shall take effect after 31st July in any one season.

4) A player wishing to change Clubs between seasons must first have discharged all financial and other obligations to their former Club(s) and/or League(s).

Any claim by a Club or League(s) that an ex- player owes monies or has outstanding obligations to the Club or League(s), must be made in writing to the League Secretary with supporting detail and evidence of the claim.

The Club and or League(s) shall also confirm that all facts have already been presented to the player in writing and that he has failed to pay or make acceptable arrangements to settle outstanding matters within a reasonable time.

The player shall be free to continue to play in TVCL matches for the Club to whom he has transferred until such time as the League Player Eligibility Sub-Committee decides otherwise.

The League Player Eligibility Sub- Committee shall have the power to ban the player from participating in TVCL matches until such time as all obligations to the previous Club or League(s) have been settled.

In the event that the individual, the Club or League(s) wishes to appeal the decision of the League Players Eligibility Sub- Committee the procedures set out in rule 3 of the TVCL Discipline, Complaints and Appeals Procedures shall be followed.

5) All players must:

a) have had two years continuous residence (as defined by the Management Committee*) in the European Union in the past four years (such four years to have ended on the date of the first League match of the season concerned).

*For the purpose of clarification the Management Committee defines 2 years continuous residence in the European Union in the last 4 years to be exactly this, with the exception that genuine family/business visits (excluding the playing of cricket) and vacations up to a total of 100 days per annum, commencing on 1st May, are allowed or,

b) have been a member of a Thames Valley League Club or a Club merging with a Thames Valley League Club for a minimum of four continuous years prior to the date of the first scheduled League match of the season.

Except that:

i) Any person holding a United Kingdom or European Union passport on the date of the first League match of the season concerned shall be an eligible player notwithstanding that they may not have fulfilled the residence criteria in (a or b) above.

ii) Any person under the age of 18 on the 31st August in the year preceding the date of the first League match of the season concerned will be treated as an eligible player and once having obtained this status, will remain an eligible player upon attaining the age of 18. Such person must also have been resident in the UK since the 1st January preceding the first League match of the season concerned.

iii) Clubs may include one player per match who does not so qualify.

6) No overseas player, as defined above, shall play in any match until they have been registered with the Chairman of the Player Eligibility Sub-Committee, who will acknowledge the registration. The registration of an overseas player shall be valid solely for the season for which the player has been registered and none other.

No overseas player will be registered to first play after 31st July in any one season.

7) No player who has played first class cricket in the twelve months preceding the start of the League season shall be eligible to play in matches below Divisions 2A and 2B, without the prior written permission of the Chairman of the Player Eligibility Sub-Committee.

For the purpose of clarification the Management Committee defines that a player is deemed to have played first class cricket if they have represented a first class county in England or Wales or similar organisation in any other country at adult level to play any form of cricket.

8) No Club may strengthen any of its teams by playing in a junior team in the League in the last four matches of the League season in any Division, more than two players who have each played more than eight matches in the HCPL and other ECB Premier League structures or a senior League (TVCL) team(s) in that season.

A player who has already represented the lower team or other lower teams on 5 or more occasions in total in the season shall not be counted as one of the two players.

9) In Divisions 1, 2A, 2B, 3A and 3B team lists shall be completed on official cards provided by the TVCL and submitted to the Umpires before the toss is made.

N.B. No player may be changed after this submission without the consent of the opposing Captain.

10) Any player suspended by his Club, any League or any cricketing governing body shall not be eligible to play in TVCL matches until such suspension is duly served and all fines (if any) have been paid.

11) No player shall participate in a playing capacity for the same TVCL Member Club in more than one adult match on the same day other than as a substitute fielder.

N.B. A player may umpire or score in a second TVCL match other than that in which they have played, subject to the agreement of both captains in the match in which they are to officiate.

NOTE: For rules regarding the eligibility of youth players to play in TVCL matches please refer to Match Rule 10.5.

6. NOTIFICATION OF RESULTS

a. As soon as possible after close of play, and no later than 9 pm when a match is scheduled to start at 1.30 pm, 8.30 pm when a match is scheduled to start at 1.00 pm, and 8.00 pm when a match is scheduled to start at 12.30 pm. **HOME** Clubs must telephone their Divisional

Results Secretaries details of the match, including any that might have been cancelled or abandoned.

Should the Management Committee consent to a match being played on another day, then the result must be notified on the same evening of the day that the match is played.

b. ALL HOME teams must send correct results sheets, signed by both Captains, to the respective Divisional Results Secretary after each match so as to arrive no later than the Thursday following the match day.

Completed results sheets are required for all matches that are abandoned but not for those that are cancelled altogether. (For the sake of clarity, a CANCELLED match is one when no play whatsoever has taken place; an ABANDONED match is where play has started - however little - but did not finish.)

A fine of £10 will be levied against a Club for each and every infringement of Match Rule 6.

7. PITCH COVERS

a. All Clubs with teams in Divisions 1, 2A, 2B, 3A and 3B must have full-length pitch covers and also covers for the bowlers' run-ups for a minimum of 10 metres. The Management Committee or its appointed Sub-Committee shall have the right to visit any Member Club with a team or teams in the aforementioned Divisions in order to inspect the covering facilities and to take any action that is considered appropriate.

b. No team shall be promoted from Divisions 4A and 4B to Divisions 3A and 3B unless they have such covers.

c. Before the start of play such covers in **a)** above shall be used at the discretion of the home Club and its groundsmen to protect the pitch and bowlers' run-ups. After play has commenced full covering of the pitch and bowlers' run-ups may be used as and when requested throughout any break at the request of either Captain, and the Umpires shall be notified.

8. PITCHES

All matches in Divisions 1 to Divisions 5A and 5B shall be played on grass pitches. All matches below Divisions 5A and 5B shall be played on a grass pitch unless such a pitch is unfit or unavailable when the home team must give its opponents a minimum of 72 hours notice, prior to the designated start time of the match, that the match is to be played on an artificial surface and advise if there is any restriction on the use of normal cricket footwear.

9. TEAM PRECEDENCE

In the event of a Club being unable to fulfil all fixtures on any day, the playing of the senior match(es) shall take precedence. If this rule is breached points may be deducted from more than one team of the Club involved.

10. ECB YOUTH MANDATES AND DIRECTIVES AND GUIDANCE

The League requires all Member Clubs to observe all youth mandates, directives and guidance issued by the England and Wales Cricket Board (in particular those listed below) and requires all Umpires, Scorers, Captains and Officials to ensure that they are enforced:

10.1 The wearing of cricket helmets/protective equipment by young players.

All young players who have not reached their 18th birthday must wear a helmet with a faceguard when batting and when standing up to the stumps when keeping wicket.

A young player acting as a runner must also wear a helmet even if the player they are running for is not doing so.

Players should regard a helmet with a faceguard as a normal item of protective equipment when batting together with pads and gloves and, for boys, an abdominal protector (box).

10.2 Fielding regulations.

The fielding regulations below must be adhered to and enforced by the umpires and captain.

No young player under the age of 15 years or younger shall be allowed to field closer than 8 yards (7.3m) from the middle stump, except behind the wicket on the offside, until the batsman has played the ball.

For players under the age of 13 years the distance is 11 yards (10m).

These minimum distances apply even if the player is wearing a helmet.

The umpires are empowered by these fielding regulations to stop the game immediately if a young player comes within the restricted distance, in which case they must do so, and instruct the fielder to move back.

In addition any young player aged 16 to 18 years must wear a helmet, and for boys, an abdominal protector (box) when fielding within 6 yards (5.5m) of the bat, except behind the wicket on the offside. Players should wear the appropriate protective equipment whenever they are fielding in a position where they feel at risk.

N.B.

- a) The directives and guidance in Match Rules 10.1 and 10.2 shall also apply during **ALL** practice sessions.
- b) A face protector represents an alternative head protection system for young wicket keepers, and should only be worn as and when considered safe and appropriate.

10.3 Fast bowling directives.

Bowler's age	Max. overs per spell	Max. overs per day
Up to 13	5	10
U14,U15	6	12
U16,U17,U18,U19	7	18

For the purpose of these Directives a fast bowler is defined as a bowler to whom a wicket keeper of the same age would **in normal circumstances** stand back to take the ball.

Having completed a spell the bowler cannot bowl again, from either end, until the equivalent number of overs to the length of his spell have been bowled from the same end. A bowler can change ends without ending his current spell provided that he bowls the next over that he legally can from the other end. If this does not happen his spell is deemed to be concluded. If play is interrupted, for any reason, for less than 40 minutes, any spell in progress at the time of the interruption can be continued after the interruption up to the maximum number of overs per spell for the appropriate age group. If the spell is not continued after the interruption, the bowler cannot bowl again from either end until the equivalent number of overs to the length of his spell before the interruption has been bowled from the same end. If the interruption is of 40 minutes or more, whether scheduled or not, the bowler can commence a new spell immediately.

Once a bowler covered by these Directives has bowled in a match he cannot exceed the maximum number of overs per day for his age even if he subsequently bowls spin. He can exceed the maximum overs per spell if bowling spin, but cannot revert to bowling fast until an equivalent number of overs to the length of his spell have been bowled from the same end.

If he bowls spin without exceeding the maximum number of overs in a spell the maximum will apply as soon as he reverts to bowling fast.

Captains, Team Managers, and Umpires are asked to ensure that these Directives are followed at all times.

For guidance it is recommended that in any 7 day period a fast bowler should not bowl more than 4 days in that period and for a maximum of 2 days in a row.

For the purposes of all of the above the age of the young player is to be based on the age of the player at midnight on 31st August in the year preceding the current season.

*Any reference to he/his should be interpreted to include she/her.

10.4 Notification of Youth Players playing in adult matches

The umpires and the opposing captain must be notified of the age group of all players participating in an adult match who are in the under 19 age group or younger even if the player is not a fast bowler.

This requirement also covers any young player taking the field as a substitute fielder.

10.5 Parental Consent.

Players who are selected in a County U12 squad in Spring for a summer squad or in another squad deemed by ECB Performance Managers to be of a standard above 'District level' for that season are eligible to play Open Age Cricket. This is providing they are at least 11 years old, and in School Year 7 on 1st September in the year preceding the season and have written parental consent to play.

In allowing these players to play in Open Age Cricket it is essential that Clubs and Coaches recognise the 'Duty of Care'** obligations towards these young players.

This means that County Squad and Area Squad players, both boys and girls are able to play Open Age Group Cricket if they are in the Under 12 Age Group and are a minimum of 11 years old on 1st September of the year preceding the season. District and Club Players who are not in a County or Area squads must wait until they reach the Under 13 age group, 12 years old, Year 8 on 1st September of the preceding year prior to being able to play in any Open Age Cricket, again written parental consent is required for these players.

To play in open age competitive cricket (all TVCL matches) **all** under 13 age group* players will need prior written explicit parental consent to play, as this recognises the need for parents or guardians to be aware of the significance of allowing their young child to participate in open age competitive cricket rather than purely junior cricket.

N.B. The ECB Parental Consent and Waiver Form on which such consent **must** be written is available on the League website.

When part A and if applicable part B of the form has been completed it is to be forwarded to the Chairman of the League Player Eligibility Sub Committee for approval.

No under 12 age group* players may take part in any TVCL match until approval has been provided to the Club concerned by the Chairman of the League Player Eligibility Sub- Committee.

Last minute acquisition of under 13* age group or younger colts to make up numbers is not allowed without **fully** complying as appropriate with Match Rule **10.5**.

It is strongly recommended that a parent, guardian or other responsible adult is present whenever a player in the under 13* age group or younger plays in open age competitive matches (all TVCL matches). This could include the captain or other identified adult player taking responsibility for the young player.

N.B.

1) * - The Under 12 and Under 13 Junior cricket age groups referred to above are set by the age of the player on 1st September preceding the season of play.

2) ** - 'The Duty of Care' obligations should be interpreted in two ways:

a) Not to place a young player in a position that involves unreasonable risk to that young player, taking account of the circumstances of the match and the relative skills of the player.

b) Not to create a situation that places members of the opposing side in a position whereby they cannot play cricket as they would normally do against adult players.

In addition, ECB Guidelines for junior players in Open Age cricket note the need for Clubs and Leagues to recognise the positive experience that young players should have in Open Age cricket and thus Clubs should provide an opportunity for players to show their talents in an appropriate way. Children who are just used as fielders will not fully experience the game.

10.6 Changing and showering.

The guidance related to changing and showering (see “Safe hands-Cricket’s policy for safeguarding young people,”) must be adhered to.

11. Clothing.

All players participating in TVCL matches shall wear predominantly white clothing.

N.B. Sponsors logos, Club badges etc. that are not white, but are discreetly worn, are acceptable.

THE FORMAT OF THE LEAGUE

1. FORMAT

The League shall consist of a Division 1 and of 2 Divisions - A & B - at every other level each except that the lowest level may have a single Division.

Each Division shall consist of 10 teams playing every other team in the same Division on a home and away basis in one season. If there is a single Division at the lowest level the teams may only play each other once.

The format at the lowest level is at the discretion of the Management Committee and dependent on the number of teams at that level.

2. PROMOTION & RELEGATION

(a) The League Champions shall be promoted to Division 2 West of the Home Counties Premier Cricket League (hereafter referred to as HCPCL) provided that they:

- (i) meet all the necessary criteria to allow such promotion, and

1	2	4	5	20
1	3	4	6	20

Provided that the teams qualifying for promotion meet all the criteria required by paragraph 3 – Grading.

(e) Where the promoted and relegated teams will play in the following season shall be determined as under unless varied at the sole discretion of the Management Committee:

(i) the teams that finish in 9th and 10th places in Division 1 shall be relegated to Divisions 2A and 2B. At the end of even numbered seasons the 10th placed team shall be relegated to Division 2A and the 9th placed team to Division 2B; at the end of odd numbered seasons the 10th placed team shall be relegated to Division 2B and the 9th placed team shall be relegated to Division 2A.

(ix) In the event of six teams being relegated from Levels 2 and below the teams finishing 8th, 9th and 10th in each Division shall be relegated as per (ii) above.

(f) In the event of two or more teams finishing with an equal number of points in any Division or at any level then in order to ascertain respective finishing positions in their respective Division and for the purposes of promotion or relegation from their respective Level, the position shall be determined in the order given as follows:

(g) No two teams of the same Member Club shall play in the same Division but may play in parallel Divisions.

However there may be occasions when this is not possible and in this event the Management Committee or its delegated Sub-Committee shall have the power to make the appropriate adjustments.

3. GRADING

The grading of all Member Clubs is deemed necessary to maintain the status of the League. It is therefore in the interests of all Member Clubs to ensure that they are able to meet the criteria set out below.

(a) For the purposes of ascertaining whether a Member Club gains promotion, it will be graded with regard to its facilities and playing surface.

(b) Gradings shall be achieved by accumulating a minimum number of status points over a weighted collection of two factors as follows:

- (i) Facilities - 30 points maximum. This shall take into account changing facilities (10 points), lounge, bar and kitchen (5 points), car park (5 points), score box (5 points) and sightscreens (5 points).
- (ii) Playing surface - 70 points maximum. This shall take into account the quality of the square (50 points) and the quality of the outfield (20 points).

(c) In order to gain promotion to Division 1 Member Clubs shall achieve a minimum status point's total of 60. The minimum requirement for each of the two factors taken individually shall amount to at least 50% of the maximum available.

(d) In order to gain promotion to Divisions 2, Divisions 3 and Divisions 4 Member Clubs shall achieve a minimum status of 50%. The minimum requirement for each of the two factors shall amount to at least 40% of the maximum available.

(e) In order to gain promotion to and from Divisions 5A and 5B and Divisions 6A and 6B and below Member Clubs shall achieve a minimum status of 45%. The minimum requirement for each of the two factors taken individually shall be 35% of the points available

(f) The assessment of Member Clubs under this rule shall be made within 28 days of the conclusion of the League season, and shall be carried out by three members of the Grading Sub-Committee who will report their findings to the full Management Committee. The Secretary shall inform the result of the assessment to the Member Club concerned within seven days of the meeting of the full Management Committee, giving details of the result of the assessment.

(g) A Member Club shall have the right of appeal against the result of their assessment. Such appeal shall be in writing, to be received by the Secretary within seven days, beginning with the day the assessment was sent. Such appeal shall include the reasons for the appeal. The appeal shall be heard by the Management Committee. The Member Club shall be entitled to have two members of its Club present at the appeal hearing. The Secretary shall inform the Member Club, in writing, of the result of the appeal within seven days of the hearing. There shall be no further right of appeal.

(h) All Clubs in the League shall be inspected by the Gradings and Standards Sub-Committee and rated in accordance with the appropriate foregoing standards for promotion. Those Clubs not reaching the required standards shall have two years to meet the required standard. Any Club not reaching the required standard after two years shall appear before the Grading and Standards Sub-Committee to explain their reasons for failing to do so.

4. GENERAL

In the event of any dispute or query under the format of the League, or of the playing conditions of the League, the decision of the Management Committee shall be final.
