## Changing Room & Showering Policy

- Adults must not change, or shower, at the same time using the same facility as children (persons under 18 years of age)
- Adults should try to change at separate times to children during matches, for example when children are padding up
- If adults and children need to share a changing facility, the club must have consent from parents that their child(ren) can share a changing room with adults in the club
- If children play for adult teams, they and their parents, must be informed of the club's policy on changing arrangements
- Mixed gender teams must have access to separate male and female changing rooms
- Mobile phones must not be used in changing rooms

If children are uncomfortable changing or showering at the club, no pressure should be placed on them to do so. Instead suggest they change and shower at home.
