   We look forward to welcoming their 1st XIs into the league for the 2026 season.

   TC also mentioned overseas players and the need to be aware that any overseas player who has an agent should not be registered to play on a standard visitor visa.

5. **Secretary's report :** Nothing to report.

   - **6.1. Fixtures secretary:** Asked questions about playing teams back-to-back weeks said we would speak to the fixture arranging company to try and sort out bigger gaps this coming season.
   - **6.2. Play Cricket:** No huge update required
   - **6.3. Disciplinary report:** TS summarised that in 2025 that there were too many issues still. TC also mentioned that clubs need to start accepting decisions and not appealing everything.
   - **6.4. Umpires report:**

     As you will already heard I am no longer the Chair of the Umpires Panel, this was not a voluntary decision on my behalf, I was deposed at our recent Panel AGM for reasons I can only speculate on.

Barry Toombs was elected to that role, however, as Chair during the past season I felt it incumbent upon me to deliver the end of season report in person.

I'm afraid that what I have to report sounds remarkably like a cracked record as once again we had insufficient Panel members to cover all matches as sides in Division Three and Four will attest. Due to a very late cry-off there was also an instance in Division Two. Both the Appointments and Cry-Off officers tried desperately to spread our resources in an effort to get as many matches as possible covered even if it was with only a single umpire, but even then, it proved impossible, not least because the majority of Panel members understandably prefer not to stand on their own.

Had it not been for the recruitment drive in the Met Essex area, which was initially for a Division Four only sub panel, we would have been up the proverbial creek without a paddle. Fortunately, as it turned out, a number of those new recruits were willing to travel further afield, forego being paid their expenses on the day and therefore test themselves in higher Divisions. Without them stepping up, significantly more fixtures in Division Three would have gone uncovered and we'd have had the undesirable scenario of matches in Division Four with umpires and matches in the Division above with none or only one. As it was, we still had too many matches we could not cover.

In real terms Panel membership has dwindled in recent years, we were struggling even before the League's most recent expansion, particularly as the new clubs entering the League didn't bring umpires with them, which had been a prerequisite of the founding member clubs back when the Panel was first formed.

Even with 100% availability of the current Panel membership we were struggling, however we were then further hampered early in the season when several of our members had to stand down from duties due to illness or family issues, this coming on top of retirements and people moving away. On that note, at the end of the season one of our longstanding members, Peter Hayes, passed away just two weeks after a diagnosis. Peter was a valued and thankfully uncomplaining member of the Panel and a highly respected and valued member of Old Southendians & Southchurch CC.

As you will have seen from the proposals document The League Executive Committee has outlined some initiatives to try and drive umpire and scorer recruitment, but one thing is for sure, all the clubs need to start being proactive in encouraging their members to take up umpiring or scoring, not necessarily straight on to the Panel, it could initially be standing for your lower elevens, youth, women and girls to gain experience before entering the world of adult Cricket but we need to start a pipeline otherwise the situation will never improve. Where else does one conjure recruits from if not via the clubs?

The entry point to umpiring is nowhere near as high as it used to be, in fact it's extremely low, there are no longer any exams to pass other than the online MCC Laws test which one can take as many times as you like until you pass and attendance at ECB ACO training sessions, currently being held at Brentwood on a Monday night or Chingford on a Wednesday evening.

What also needs to change is player discipline as I both observed and officiated player behaviour this season that left much to be desired.

In the former instances I watched my colleagues being surrounded and badgered like Football referees by players. In the latter, as much as my colleague and I would have liked to, we couldn't do much apart from making little comments, about the incessant and extremely noisy barrage of 'encouragement' the fielding side were engaged in, when and why did Cricket get so noisy? However, when they started making derisory and repetitious comments about a batter's technique I stepped in. The response I received was "we're not swearing at anyone", so in their minds loud, incessant and tedious sledging is fair game as long as it doesn't involve swearing. I beg to differ. I don't believe any umpire enjoys standing out in the middle for hours on end listening to that.

Appendix 3:

Hamro Foundation Essex League Requirements and ECIC Affiliation Explainer - 2026 Season

Before any fixtures are played in the 2026 season (League Cup round 1 is 24th April) - clubs must have completed the following.

- Affiliated with Essex Cricket In The Community - attached is ECIC affiliation explainer from 2025
- Have a qualified Club Safeguarding Officer
- Have up-to-date DBS checks complete for all 2026 club officials whose role within regulated activity requires one (Captains, vice captains, coaches, umpires, CSO etc)
- Have completed any other update/task required in SHMS for the club to be compliant.

ECIC Affiliation Timeline

- 1st December 2025 – Club Affiliation process opens for 2026
- 28th February 2026 – Deadline for completion of Online club affiliation form
- 1st April 2026 – Deadline for club affiliation payments to be made
- 1st May 2026 – Deadline for clubs to be compliant on SHMS

Failure to affiliate with Essex Cricket In The Community, having a qualified Club Safeguarding Officer, up to date DBS checks on current captains and/or not being compliant on Safe Hands Management System, may lead to a club facing disciplinary action, which could take the form of a points penalty, relegation or expulsion from the league."

ECB Club Requirements

Draft proposal below

CRITERIA
2A Leagues must take steps to ensure that all clubs in the top two 1st XI divisions of their competitions have:

1) A cricket programme available for 5-11 years, which can include All Stars/Dynamos or a club's own 5-11 years programme.

2) At least three hardball junior teams, which can include a girls' hardball team. These teams can be at any Age Group from and including U10 up to U18 level

3) Have at least one Girls' Section* * - A Girls' Section is defined as a minimum of one girls' team playing in either a softball or hardball fixture, league or friendly, indoors, or outdoors, on Play-Cricket and/or through the ECB's Women's and Girls' Clubs & Teams Audit.

GUIDANCE NOTES

The ECB will notify a League of any club(s) that are not in compliance with this requirement. By 31 March 2026, as per 2025 criteria,

Leagues must be in a position to self-certify that the clubs competing in the top two 1st XI divisions of their competitions have at least one girls' team.

Clubs that are not yet compliant, but can evidence sustained attempts to create a girls' section, which is evidenced and supported by the RCB, will not be subject to a penalty ahead of the 2026 season.

This evidence should include regular dialogue with RCB staff over a prolonged period and examples of activity delivery e.g. softball taster sessions, school engagement etc.

Where a club, to whom this obligation applies, is not in a position to comply by 31 March 2026, in order for the league to not to be in breach itself, the relevant League must take appropriate action against such club.

This appropriate action is demonstrated through a points deduction ahead of the 2026 season.

Thereafter, any club failing to meet the playing offer requirements by 31October 2026, will be ineligible to play in the two 1st XI divisions of an ECB Premier League.

In order not to be in breach itself the relevant League must take appropriate action against such club leading to relegation or denial of promotion.

For those clubs promoted to the top two 1st XI divisions at the end of 2025 season, the above criteria will apply and will follow the same timelines and permutations. Leagues will be subject to PRFP penalties based on the non-compliance.

By 31 October 2026, if clubs do not meet this criteria, they will be ineligible to play in the top two 1st XI divisions of an ECB Premier League in 2027.

Appendix 4:
Annual General Meeting - Sunday 30th November 2025
Honorary Treasurer's Report

The Income and Expenditure Account for the year ended 30th September 2025 is attached. These accounts have now been submitted to the accountant, and the formal financial report will be made available in due course.

The Income and Expenditure Account records a deficit of £29,370, which primarily relates to expenses carried forward from the previous season. In particular:

- Payment of the remaining balance for the purchase of League Balls for the 2024 season.
- Payments due to Premier League clubs relating to the 2024 season.

To ensure sufficient cash flow throughout the year and to maintain prompt payment to HFEL suppliers, invoices were issued to clubs at several points across the season rather than as a single annual invoice. This approach continues to support clubs by enabling costs to be spread more evenly across the year, while also contributing to the financial stability of the League.

Since my appointment on 1st March 2025, the transition has been smooth, with only a small number of minor matters arising, all of which were resolved promptly. I would like to record my sincere thanks to Tony Sanderson for his guidance and support on financial matters, and to Tom and the Executive Committee for their continued assistance.

Finally, I would like to express my appreciation to all Club Treasurers for their cooperation, timely payments, and understanding throughout the transition period.

John Hicks
HFEL Honorary Treasurer.
