

## ECB Coaching Course Information February 2024

### **Foundation Coach –**

This programme has been designed to develop a learner's knowledge, skills and confidence to use 'icoachcricket' to lead safe, fun and inclusive sessions that ignite a lifelong love of the game (allows a person to coach independently but works to a senior coach's coaching programme).

### **Core Coach –**

This programme has been designed to develop a learner's knowledge, skills and confidence to lead player-centred coaching sessions (allows a person to plan and design coaching programmes and deliver them independently).

### Notes:

- The club's coaching requirements will determine which qualification is taken.
- If an overseas professional completes a Foundation Coach course and the club later requires a Core Coach level, the migrant must attend, complete and pass the Core Coach qualification.
- If a person wishes to undertake the Advanced Coach course, they will need to have passed the Core Coach course first.
