

Code of conduct for Senior members

South Hampstead Cricket Club is committed to promoting and maintaining the highest standards of behaviour and conduct both on and off the field. Members and guests are required to abide by the provisions of this Code of Conduct. If a breach of this Code occurs, or is reasonably suspected to have occurred, the Club reserves the right to take such action as it deems appropriate (including cancellation of your membership and your removal from the premises).

All senior members are asked to read, sign and abide by the following:

COVID 19

1. The COVID 19 epidemic is an unprecedented event in the Club's recent history. This code of conduct requires 2020 members (or any 2019 members using the club facilities) to adhere to any COVID rules issued by South Hampstead Club Ltd or South Hampstead Cricket Club at any point in time. The rules as at the 28th June are attached.
2. The Club will vary the COVID rules according to both government and ECB guidance from time to time during the epidemic and communicate such changes to the membership via email. The rules will also be accessible on the website.
3. It is up to the individual member to ensure that the Club has an up-to-date email address for them.
4. Failure to adhere to the COVID rules will result in suspension or expulsion from the Club.

General

1. Respect the rights, dignity and worth of every person within the context of cricket.
2. Treat everyone equally and not discriminate on the grounds of age, gender, disability, race, ethnic origin, nationality, colour, parental or marital status, religious belief, class or social background, sexual preference or political belief.
3. All drugs are banned from the pavilion, the surrounds and the cricket field. There is no room for tolerance on this issue and offenders face immediate dismissal from the Club.

Membership

1. South Hampstead C.C. is a member's club. Players may play up to two matches as a trial member, after which membership subscriptions are due. Subscriptions must be two weeks before the start of the first friendly.
2. Match fees must be paid for all senior league, cup, friendly and development fixtures.

Before Play

1. Players must inform their captains of their availability before each week's selection meeting
2. Players who become unavailable after teams have been selected must inform the captain of the team for which they have been selected immediately.
3. Late 'cry-offs' (Friday night or Saturday morning) disrupt your team and lower teams and are only acceptable in exceptional circumstances. Players who do not have an acceptable reason for such instances may jeopardise their selection for future games.
4. Players are expected to attend at least one practice session per week. All players improve their chance of selection if they regularly attend practice.

On the Field

1. The captains are responsible at all times for ensuring that play is conducted within the Spirit of Cricket as well as within the laws.
2. Players, club officials and members must at all times accept the Umpire's decision. Players must not show dissent or react in a provocative or disapproving manner at any time.

South Hampstead Cricket Club

2020 COVID rules

SHCC requires:

- Everyone must register for any activity they attend - we are required to have full track and trace information for everyone who uses the club. You cannot just turn up to an activity and if you do, you will be turned away.
- Everyone must use the black metal gate on Milverton Road which will be locked when there is not a supervisor present. Access via any other route is NOT allowed.
- EVERYONE must take home EVERYTHING they bring to the ground and anything they use whilst at the ground. This means there will be no bins provided as you are required to take any litter home with you plus any wipes / paper towels etc you have used to comply with hygiene requirements.
- The toilets will not be open and you should use the facilities at home before you come to the ground.
- Use the hand sanitiser provided as you enter and leave the ground.
- Do not use the benches or touch anything unnecessarily
- Pay attention to the leaders of any sessions - it is vitally important that you understand the very strict rules that apply to training.
- The captains are responsible at all times for ensuring that play or practice is conducted within these rules.
- Players, club officials and members must not show dissent or react in a provocative or disapproving manner to one another at any time.
- Players, club officials and members shall not at any time intimidate, assault or attempt to intimidate or assault another player, club official, member or spectator.

ECB require the following in relation to outdoor cricket activity:

- For all activity, social distancing of at least two metres must be maintained at all times (except between members of the same household).
- Playing cricket individually is permitted e.g. practice of individual cricket skills or fitness activities
- Playing cricket with people living in your household is permitted.
- Small group cricket activity, training or fitness in groups of no more than six (6), is permitted, keeping two (2) metres apart at all times.
- Cricket coaches can now undertake small group sessions of up to six (6) people including the coach (1:5) and they must comply with ECB safeguarding policies (as well as being able to conduct one-to-one coaching).
- Nets should be used on an 'every other' basis, leaving one net free between nets. Note that for nets within a security fence, occupancy numbers could be limited by social distancing requirements.
- It is permissible for two or more groups of six (6) to train at the same time provided they are kept separate, and social distancing and strict hygiene measures are observed. However, clubs should carry out a risk assessment to determine the maximum capacity for their facility that can be achieved safely whilst maintaining social distancing and not exceeding the current limits on training group size.
- No indoor cricket activity at all.
- We recommend using your own equipment if possible. If equipment is being shared, please follow UK Government's guidance on the sharing of equipment. Players should stick to using one ball in training either by bringing their own or being assigned a numbered ball that is cleaned in between sessions.
- No saliva or sweat should be applied to the ball at any time.
